

end element round large - in between stool medium - 1,5-seater medium without armrests - angular corner small - 1,5-seater medium without armrests - 1,5-seater with armrest right

corner element left - 2-seater without armrests - longchair with armrest right

Megasofa (longchair big with armrest left - longchair big with armrest right)

Checklist

So you won't forget any of our choices...

Please use this checklist in order to discuss all options with your customer.

An absolute must

The following options must be considered for this model (please always mention with your order):

Seat depth

Feet

Accessories

Have you informed your customers about the selection of our accessories?

stools

cushions

comfort headrest

wooden trays

Product and ordering information

Frame: Load-bearing parts of the frame made of solid wood and wood materials, surfaces lined with

padded cover.

Seat: Spring system with permanently elastic steel sinuous springs and an upper-side cover.

Upholstery: A "particularly casual upholstery" is characterised by a very comfortable and soft surface.

This is achieved, for example, by a ticking with various fillings (e.g. fibres, balls. down, feathers or similar materials). In the upholstery construction, a foam core or foam cushion usually represents the basic upholstery. Already in new condition or after the first use the covers can exhibit a pronounced wave pattern on the seat, back and armrests purposefully based on the design, material and construction which will increase during use. The size of

the sewn covers also has a similar influence on sinking and cover stretching.

Conclusion: The softer the upholstery and the larger the seat, the greater the sinking in and,

ultimately, the stretching of the cover.

Back: Loose back cushions with a ticking (filled with high-quality filling materials contain an

admixture of feathers).

We exclude "live plucking" for the procurement of these feathers!

Chamber cushions: This model features high-quality chamber cushions. The filling material is held in chambers

within the cushions to prevent it from shifting. The chambers and the filling material can stand out more or less depending on the type and thickness of the cover material. In order to prevent the filling material from bulging, these seat and back cushions should be

plumped up, just like you do with pillows.

Seat depths: Seat depth 1 (ST1) = 64 cm or

Seat depth 2 (ST2) = 84 cm - Please state in your order.

A mix of seat depths is possible! A mix for corner elements is possible with

"combination corner" (NOT with angular corner)!

Decorative fabric: The decorative fabric (decorative fabric PG 6 / decorative fabric PG 10) is only available for

selected types (Stool, flutter cushions and cushions) and pattern matching is not possible.

The prices can be found on PG 6 or PG 10.

Product and ordering information

Miscellaneous:

All materials used meet the requirements of the DGM according to RAL GZ 430. The seam appearance may vary depending on the fabric, leather or vegan leather used. The markings on quilted mats and cushions are due to design or construction. The processing of decorative seams, cut seams or double seams can be different in the fabric, leather or

leather or imitation leather variants.

Suites are standardly delivered with the back covered in the chosen fabric. All material-related information can be found on the back of the individual fabrics and leaterhs in our fabric and leather samplers. Elements are always with grid connectors and completely covered.

All values stated in the price list are approximate measurements in centimetres, determined by the usual measuring method (see RAL-GZ 430) and in unused new condition. Please note that in the course of use of very casual upholstered furniture, particularly the seat height and seat depth, there may be noticeable deviations from the dimensions given here. We reserve the right to make changes in form, colour and construction in the course of technical progress.

Seat: sandwich str. + ticking / Back: ticking

Seat

- 1. frame
- 2. zigzag springs
- 3. zigzag spring cover
- 4. sandwich structure + ticking (loose seat cushions)
- 5. cotton wadding cover
- 6. cover material

Back

- 1. frame
- 2. ticking (loose back cushions)
- 3. cotton wadding cover
- 4. cover material

Glider

206 metal leg chromed 207 metal leg black matt

Notes feet:

Glider (Standard): Height: 5 cm

Please note that we always confirm the gliders for orders without reference to the choice of

foot!

206 and 207: Height: 10 cm

Attention: We charge a surcharge for the metal leg!

This model is also available in Cord (PG Cord)

PG Cord is confirmed on the order confirmation. For prices, please refer to price group 6. For thread course for corduroy, see Picto.

Not every model has the types shown or other types. This is ONLY an excerpt! Please refer to the type plan of the desired model for the type selection.

Are you demanding? That's fine - we are too!

Therefore, we attach great importance to durability, material quality, longevity, safety and health tolerance!

Because our furniture meets the high standards of the Gütegemeinschaft Möbel e.V., our entire product range is awarded the quality mark "Golden M" and the highest possible emission class A.

Quality mark "Goldenes M"

Nearly 50 years of research, laboratory tests, field tests, comparisons and scientific exchange is behind the RAL quality mark "Goldenes M".

- Tested quality according to quality and test regulations RAL-GZ 430
- Guaranteed safety through elaborate laboratory and functional tests
- Healthy living through strict limits for pollutants sometimes more stringent than the law requires, which were determined in independent test laboratories

The "Goldenes M" means for the furniture buyer: This is quality, you can rely on.

Emmission label

An expert group of the Deutsche Gütegemeinschaft Möbel e.V. has developed in collaboration with leading test institutes such as TÜV Rheinland, the LGA Nuremberg and the ECO Institute an Emission label for furniture.

- The label gives the consumer information about pollutant emission and should protect him from health protect impairments
- The entire range is classified according to these guidelines
- The proof of classifications is based on compliance of the awarding basis with appropriate pollutant tests from neutral testing institutes based on the requirements of RAL-GZ 430 or the Blue Angel's.

Our products meet the highest emission class "A", which gives us a clear conscience and you a maximum of safety with regards to the emission levels of your upholstery.

Are you demanding? That's fine - we are too!

Especially in the leather area, a responsible approach to the environment and health is very important for us.. Our leathers have been awarded the "Blue Angel" because we specifically select upholstery leathers for our furniture that are harmless to health.

So that our customers can enjoy their leather furniture for a long time, we now offer the possibility to take out an additional 5-year service up to 4 weeks after purchasing the furniture.

Blue Angel - environmentally friendly upholstery leather

The Blue Angel for low-emission upholstery leather signals that the excellent leathers minimize the environmental and health burdens from production over the entire daily use to recycling and disposal. The following leather qualities are awarded with the Blue Angel:

Cento Dickleder Torero Life-Line Vicenza

The Blue Angel is the world's most successful eco-label with a brand awareness of 92%!

5-Year-Longlife-Service

With the right cleaning and care products you keep the value of your upholstered furniture and enjoy it for a long time. As part of this 5-Year LONGLIFE-Service, you will receive professional phone support, free special products and free support.

The Service can be completed for the following leather qualities:

Cento
Dickleder Torero
Mercury
Vicenza

5-Year-LONGLIFE-Service provides security for a upholstery leather that is particularly durable and easy to care for!

For more information please see www.3c-care.de

OEKO-TEX® STANDARD 100 + klimaneutraler

Hersteller

What is OEKO-TEX®?

Many of our fabrics and upholstery materials have been awarded the STANDARD 100 by OEKO-TEX® label. If a textile article has been awarded this label, you can be sure that this fabric or upholstery material has been tested for harmful substances and the article is therefore harmless to health.

You can find information on which of our upholstery fabrics are certified and other helpful information on our homepage at https://www.candy-polstermoebel.de/bezuege/stoffe/

(example label)

The award offers you the following advantages:

- STANDARD 100 by OEKO-TEX® is one of the world's most renowned labels for textiles tested for harmful substances.
 - It stands for customer confidence and high product safety.
- The testing is carried out by independent OEKO-TEX® institutes on the basis of a comprehensive OEKO-TEX® criteria catalogue.
- The test procedure takes into account many substances, both regulated and non-regulated, that could be harmful to human health.
- In many cases, the limit values set for the STANDARD 100 go beyond national and international standards.
- The catalogue of criteria is updated at least once a year and expanded to include new scientific findings or legal requirements.

We are a climate-neutral furniture manufacturer (on balance sheet and through CO₂ certificates)

We can proudly say that we have been awarded as a climate-neutral manufacturer by the DGM. Our actions are always oriented towards the careful use of resources in order to protect and preserve the livelihoods of people, animals and plants. For 3C, sustainability is not just an advertising promise - the development of sustainable products is a matter of course for us.
