They fold, lift and swing up and over with fascinating ease

AVENTOS is the ideal solution for any wall cabinet. Whether it is used in the kitchen or living area, whether there is lots of space available or only a little and whether it is used with small or large fronts, one thing never changes: the supreme ease of motion. With SERVO-DRIVE the lift system opens at a single touch. Thanks to BLUMOTION, it closes again silently and effortlessly. AVENTOS lift system fittings offer the highest quality – in addition to their proven stability and elegant design.

Lift systems for enhanced freedom of movement

Bi-fold lift system AVENTOS HF

- Ideal for high wall cabinets
- Handle is easy to reach, even when the lift system is open
- Takes up minimal space even with large cabinet heights, thanks to the two-part front
- Can be used with fronts of different heights

Up & over lift system AVENTOS HS

- Ideal for large, one-part fronts
- Minimal space required thanks to swivel motion
- Can be combined with cornice or crown moulding

LEGRABOX

Elegant box system

 **blum**

Slimline design

Is there such thing as the perfect drawer? Different from the norm, focussed on the principles it pursues – yet unprecedented in its level of performance. Straightforward. Simple. Slim. Like LEGRABOX – Experience Elegance. The box system impresses with its clear contours, parallel drawer side design and decorative lines as central design element.

Seamless transitions

All components of LEGRABOX are perfectly coordinated with one another and form harmonious transitions.

New colour concept

LEGRABOX features a completely new colour concept. The entire material is made either from anti-fingerprint stainless steel or steel with matt coating, giving it a special feel.

TANDEMBOX

A single box system to meet all your customer's requirements? You can do it with the TANDEMBOX programme. This is because the TANDEMBOX antaro and TANDEMBOX plus lines have many different design options. Both TANDEMBOX lines are based on the tried and tested TANDEMBOX cabinet profile. Each line offers a comprehensive range of applications.

blum

TANDEMBOX intivo – the individual line

TANDEMBOX intivo offers a multitude of design possibilities, making every kitchen unique. No matter what you decide: each solution with TANDEMBOX intivo is really quite special and fulfils your individual design wishes.

TANDEMBOX antaro – the minimalist line

TANDEMBOX antaro has a clear, rectangular style – whether it has a gallery or is a closed box with a design element. All the components are colour-coordinated, thus accentuating the minimalist product design.

Fascinating combination

Opens with just a light touch, has a smooth running action and closes silently and effortlessly – experience completely harmonious and convenient motion with TIP-ON BLUMOTION technology for LEGRABOX and TANDEMBOX. And the best part: the motion is assisted 100 % mechanically.

 **blum**

High functionality

TIP-ON BLUMOTION's extensive trigger range provides inspirational ease of use for handle-less pull-outs and drawers. An optional synchronisation can be used to extend the trigger range even further.

Small front gap

TIP-ON BLUMOTION has a front gap of just 2.5 mm.

Four-dimensional adjustment

The four-dimensional adjustment ensures a precise gap layout. The integrated depth adjustment can be made tool-free using the adjustment wheel.

Reliable function

It is possible to pull to open or push to close without difficulty, and TIP-ON BLUMOTION will remain fully functional.

Hinge systems

Silent and effortless, that's how furniture doors close with BLUMOTION – independent of the front weight or closing speed. Due to the ideal interplay between the closing mechanism and BLUMOTION, a gentle push is all that's required for closing – even for small and light doors.

 **blum**

**Nothing less than the best for doors
with CLIP top hinges**

- The right hinge for every door
- High quality – for the lifetime of the furniture
- Closes silently and effortlessly with integrated BLUMOTION
- Thanks to TIP-ON, the mechanical opening support system, handle-less furniture can be realised. A simple press for closing is all that it takes.
- Beautiful, exact front spacing thanks to excellent adjustment technology

Blum

Founded over 60 years ago by Julius Blum, today Blum is an internationally active family-owned company. Its strategic business segments include lift, hinge and pull-out systems. All our product developments focus on perfecting motion.

Blum in Austria and around the world

The company has seven plants in Vorarlberg, Austria, additional production sites in Poland, the USA and Brazil and 28 subsidiaries/representative offices. Blum supplies more than 120 markets. The Blum Group employs 6.900 people in total, 5.300 of whom work in Vorarlberg.

Global customer benefits

"Whether manufacturer, distributor, fitter or kitchen user – everybody should personally enjoy the benefits of Blum products" – that is Blum's philosophy on global customer benefits.

Innovations

To support customers with innovative fittings solutions and secure long-term success for the company, we need to consistently invest in research and development, in plants and facilities and in employee training. With more than 1200 registered trademarks around the world, Blum is one of Austria's most innovative companies.

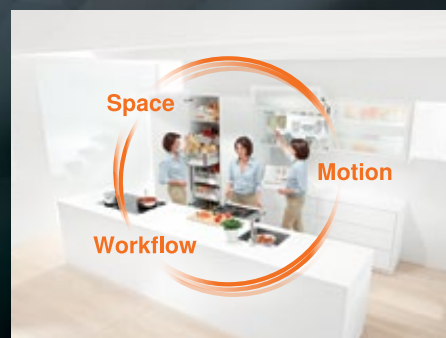

Quality

At Blum, the comprehensive concept of quality does not only apply to products. Services and our cooperation with customers and partners should also meet the same quality requirements.

Environment

At Blum, we believe that responsible ecological behaviour has long-term economic benefits. The longevity of products is just one of many important aspects. Other important measures include the use of environmentally friendly processes, the intelligent use of materials and prudent energy management.

DYNAMIC SPACE

Good workflows, optimum use of storage space and high quality of motion are important features of a practical kitchen. Blum's ideas for practical kitchen are designed to bring function, convenience and ergonomics to furniture interiors.
