## **Checklist**

---

**So you won't forget any of our choices...**

Please use this checklist in order to discuss all options with your customer.

### **An absolute must**

The following options must be considered for this model (please always mention with your order):

Feet

**Model:** Dance

## Product and ordering information

---

**Frame:** Metal/wood frame covered with PUR cold foam, covered with cotton wool fleece.

**Seat:** Seat made of PUR foam (min. RG 35). Seat covered with cotton wool fleece.

**Upholstery:** A „particularly casual upholstery“ is characterised by a very comfortable and soft surface. This is achieved, for example, by a ticking with various fillings (e.g. fibres, balls. down, feathers or similar materials). In the upholstery construction, a foam core or foam cushion usually represents the basic upholstery. Already in new condition or after the first use the covers can exhibit a pronounced wave pattern on the seat, back and armrests purposefully based on the design, material and construction which will increase during use. The size of the sewn covers also has a similar influence on sinking and cover stretching. Conclusion: The softer the upholstery and the larger the seat, the greater the sinking in and, ultimately, the stretching of the cover.

**Back:** Back made of ergonomically shaped PUR foam (min. RG 25). Cover made of cotton wool fleece.

**Color variation:** Variant A: single-coloured (except decorative fabric Matrix Raute)  
Variant B: outside: fabric, inside: other fabric (except decorative fabric Matrix Raute)  
Variant C: outside: leather, inside: fabric (except decorative fabric Matrix Raute)

**Decorative fabric:** Decorative fabrics (except Matrix Raute) are available for this model. Pattern matching is not possible. For prices please refer to PG 6 and 10.

**Dimensions:** Height: **71 cm**  
Depth: **74 cm**  
Seat height: **44 cm**  
Seat depth: **48 cm**

**Model: Dance**

## **Product and ordering information**

---

**Miscellaneous:**

All materials used meet the requirements of the DGM according to RAL GZ 430. The appearance of the stitching may vary depending on the fabric, leather and artificial leather used. Minor differences in seat firmness with add-on units are design-based and are therefore not a cause for complaint.

The definition of quilted mats and cushions depend on the design and structure. The appearance of decorative, fell and double seams may vary depending on the fabric, leather and artificial leather used. All backrest tensioning parts are supplied as standard in their respective original covers.

Material-related information can be found in our fabric and leather flaps on the back with the individual fabric and leather qualities.

All values stated in the price list are approximate measurements in centimetres.

We reserve the right to make changes in form, colour and construction in the course of technical progress.

Please note orders always as standing in front of it from left to right!

## Goldenes M & Emissionslabel

### Are you demanding? That's fine - we are too!

Therefore, we attach great importance to durability, material quality, longevity, safety and health tolerance!

Because our furniture meets the high standards of the Gütegemeinschaft Möbel e.V., our entire product range is awarded the quality mark „Golden M“ and the highest possible emission class A.

### Quality mark „Goldenes M“

Nearly 50 years of research, laboratory tests, field tests, comparisons and scientific exchange is behind the RAL quality mark „Goldenes M“.

- Tested quality according to quality and test regulations RAL-GZ 430
- Guaranteed safety through elaborate laboratory and functional tests
- Healthy living through strict limits for pollutants - sometimes more stringent than the law requires, which were determined in independent test laboratories

The „Goldenes M“ means for the furniture buyer: This is quality, you can rely on.

### Emmission label

An expert group of the Deutsche Gütegemeinschaft Möbel e.V. has developed in collaboration with leading test institutes such as TÜV Rheinland, the LGA Nuremberg and the ECO Institute an Emission label for furniture.

- The label gives the consumer information about pollutant emission and should protect him from health protect impairments
- The entire range is classified according to these guidelines
- The proof of classifications is based on compliance of the awarding basis with appropriate pollutant tests from neutral testing institutes based on the requirements of RAL-GZ 430 or the Blue Angel's.

Our products meet the highest emission class „A“, which gives us a clear conscience and you a maximum of safety with regards to the emission levels of your upholstery.

blue angel and longlife

## Are you demanding? That's fine - we are too!

Especially in the leather area, a responsible approach to the environment and health is very important for us.. Our leathers have been awarded the „Blue Angel“ because we specifically select upholstery leathers for our furniture that are harmless to health.

So that our customers can enjoy their leather furniture for a long time, we now offer the possibility to take out an additional 5-year service up to 4 weeks after purchasing the furniture.

[www.blauer-engel.de/uz148](http://www.blauer-engel.de/uz148)

### Blue Angel - environmentally friendly upholstery leather

The Blue Angel for low-emission upholstery leather signals that the excellent leathers minimize the environmental and health burdens from production over the entire daily use to recycling and disposal. The following leather qualities are awarded with the Blue Angel:

Cento  
Dickleder Torero  
Life-Line

**The Blue Angel is the world's most successful eco-label with a brand awareness of 92%!**

### 5-Year-Longlife-Service

With the right cleaning and care products you keep the value of your upholstered furniture and enjoy it for a long time. As part of this 5-Year LONGLIFE-Service, you will receive professional phone support, free special products and free support.

The Service can be completed for the following leather qualities:

Cento  
Dickleder Torero  
Mercury  
Vicenza

Longlife

by 3C Care

**5-Year-LONGLIFE-Service provides security for a upholstery leather that is particularly durable and easy to care for!**

## OEKO-TEX® STANDARD 100 + klimaneutraler Hersteller

### What is OEKO-TEX®?

Many of our fabrics and upholstery materials have been awarded the STANDARD 100 by OEKO-TEX® label. If a textile article has been awarded this label, you can be sure that this fabric or upholstery material has been tested for harmful substances and the article is therefore harmless to health.

**You can find information on which of our upholstery fabrics are certified and other helpful information on our homepage at <https://www.candy-polstermoebel.de/bezuege/stoffe/>**

The award offers you the following advantages:

(example label)

- STANDARD 100 by OEKO-TEX® is one of the world's most renowned labels for textiles tested for harmful substances. It stands for customer confidence and high product safety.
- The testing is carried out by independent OEKO-TEX® institutes on the basis of a comprehensive OEKO-TEX® criteria catalogue.
- The test procedure takes into account many substances, both regulated and non-regulated, that could be harmful to human health.
- In many cases, the limit values set for the STANDARD 100 go beyond national and international standards.
- The catalogue of criteria is updated at least once a year and expanded to include new scientific findings or legal requirements.

### We are a climate-neutral furniture manufacturer (on balance sheet and through CO<sub>2</sub> certificates)

We can proudly say that we have been awarded as a climate-neutral manufacturer by the DGM. Our actions are always oriented towards the careful use of resources in order to protect and preserve the livelihoods of people, animals and plants. For 3C, sustainability is not just an advertising promise - the development of sustainable products is a matter of course for us.
